Sir:

Please amend the above-identified International Application before entry into the National stage before the U.S. Patent and Trademark Office under 35 U.S.C. §371 as follows:

In the Specification:

Please replace the Specification of the present application, including the Abstract, with the following Substitute Specification:

S P E C I F I C A T I O N

TITLE

**METHOD FOR IMPLEMENTING A CALL BACK SERVICE IN A
MOBILE RADIO NETWORK**

BACKGROUND OF THE INVENTION

Field of the Invention

Systems for mobile communication have increasingly gained in importance in recent years. Their spread is aided by the introduction of standards such as GSM (Global System for Mobile Communication) and, in the meantime, it has also become possible to communicate outside the borders of one's own country and network operator.
